It Only Takes One Person To Volunteer

We occasionally hear about Community Matters members trying to put a team together to volunteer at one of our partner agencies. That's great, but we also remind you that there are plenty of volunteer opportunities for just one person. That was just the case for two of our members recently.

AIg's Jeff Gordon served as an overnight host at Charlotte Family Housing's Hawthorne Place Shelter. Host volunteers arrive at 8 p.m. and can leave by 6:30 a.m. the next morning; they get a private room, Wi-fi, a TV and coffee. Most important, an overnight host saves CFH \$150 per night. Thanks to Jeff for stepping up.

Liberty Mutual's Rick Juraschek answered a call from CFH to assist with yard work, a task that was especially important after the recent storms in Charlotte. Yard work is just one of the occasional "special needs" that arise at our partner agencies. Rick was joined by another volunteer from outside Community Matters. Great job, Rick.

To learn more and get instructions on how to sign up for a particular volunteer opportunity at one of our partner agencies, please access the Community Matters Calendar through the Volunteer Page on the Community Matters Website at <http://www.communitymatterscharlotte.org/volunteer.html>.

Celebrate Charlotte Family Housing's 5th Birthday

Charlotte Family Housing's 5th Birthday is on Sunday, August 21, from 2-4pm at the Plaza Place Shelter. Angela Matherly is spearheading a Community Matters volunteer team for the event. If you are interested in joining her, please add yourself to her team via the link below or send her an email directly at amatherly@snyderslance.com.
